

JOIN OUR TEAM!

ELECTRICIAN / ELECTRICAL MAINTENANCE OP

We are looking for a qualified electrician or electrical maintenance technician to join our team in Bartlemy and contribute to the delivery of our outside broadcasting facilities to sporting venues and clients' facilities across the country. The role involves regular travel

KEY RESPONSIBILITIES

- Responsible for the generator operation at venues ensuring all electrical distribution is safe and compliant
- Build & test lighting systems and other broadcast equipment
- Check equipment for damage and reporting where necessary

EXPERIENCE & SKILLS

- A qualified electrician or on the path to being qualified
- A self-starter and excellent work ethic with the ability to remain focused while under pressure
- Ability to problem solve and fault find in a fast-paced environment
- Working with generators and/or HGV licence would be advantageous

This is a full-time position requiring weekend work & overnights

Attractive package and excellent working conditions will be offered to the right candidate

Closing Date:

18th December 2024
